

Team Discovery

I Taren Marckres started middle school three years ago. I was on Alpha Omega. I was a troubled student who never did his work and got in trouble a lot. In the summer I got a phone call from Mr. Hindes saying he had a great opportunity for me and wanted my approval along with my fathers to go into the Discovery Program. Discovery was a great opportunity for me and the other students in the program. My friends wanted to know how to get into Discovery because we used to go on a lot of trips and do hands on things. I had better grades and I realized how important other people were. I'm still a big goofball but have learned from my mistakes. I began my high school year in Discovery and am now getting ready to transition out because I no longer need so much support. I will continue to go to the Access program one period a day for support from Jackie, who is awesome. I want to thank all my teachers from Alpha Omega, Dana Dellinger, Liam Callahan, Tony DePaul, Mr. Miller, Mr. Hindes, Scott Fonzerelli, Josh Kidney, Shelly Jones, Mr. Denham, Mr. Crary, and everybody else. I am happy to be an independent student.

Peace,

Taren Marckres
